All,
Attached please find a clean version of the ICR for G (renewal) approved by Mindy. On page 23, last paragraph the language might be dated; not sure how. (Mindy mentioned it needed to be updated.)
Still trying to figure out who else needs what.
Dolores

Hello Dolores,

This Supporting Statement looks much improved. Thank you for sending it over.
We will start processing this tomorrow morning.
Please get anything additional to us by the end of the day tomorrow so it can be approved by our leadership and send to OMB.

Thank you,
Teddy

Subject: 404 (G) ICR (RENEWAL) question on FRN template

Teddy and Antonio,
Since this is my first ICR, and we are running out of time, I want to be sure I have the proper documentation while I wait for the Supporting Statement to clear my management. I followed to the link provided by Teddy many months ago and found this template. I will fill it as a draft.
I am attaching a draft for the Statement which I am sure will change. However, there might be formatting or other general boilerplate information that might need your review. I know Mindy Eisenberg had a question about the last paragraph in the main body. See page 23 DRAFT version 12.
I have also attached the OLD typesetting request I found in our files. Please verify this is the document that needs to be updated or please let me know what must be done.
